

UNITED STATES OF AMERICA  
POSTAL REGULATORY COMMISSION  
WASHINGTON, DC 20268-0001

Competitive Product Prices  
Global Expedited Package Services 3 (MC2010-28)  
Negotiated Service Agreement

Docket No. CP2015-115

PUBLIC REPRESENTATIVE COMMENTS ON  
NOTICE AND ORDER CONCERNING ADDITIONAL  
GLOBAL EXPEDITED PACKAGE SERVICES 3  
NEGOTIATED SERVICE AGREEMENT

(August 6, 2015)

In response to Order No. 2627, the Public Representative hereby comments on the July 29, 2015 notice of United States Postal Service of filing a functionally equivalent Global Expedited Package Services 3 (GEPS3) negotiated service agreement (Notice).<sup>1</sup>

The Postal Service's Notice stipulates that this NSA is consistent and compliant with the policies of 39 U.S.C. 3633 and 39 C.F.R. 3015.5. *Notice at 2.* Further, the Notice attempts to demonstrate that the agreement is functionally equivalent to the contract that is subject of Docket No. CP2010-71. *Id at 1.* This contract serves as the baseline agreement detailed in Governors' Decision No. 08-7.<sup>2</sup> The Postal Service states that its contract is "substantially similar" to this baseline agreement and as a result of its functional equivalence "should be added to the competitive product list as a GEPS 3 contract." *Notice at 4.* The Notice, however, mentions several differences between the contract and the baseline contract, which include name and address of customer, definitions of Qualifying and Non-Qualifying Mail, references to "Priority Mail

---

<sup>1</sup> Notice of United States Postal Service of Filing a Functionally Equivalent Global Expedited Package Services 3 Negotiated Service Agreement and Application for Non-Public Treatment of Materials Filed Under Seal, July 29, 2015 (Notice).

<sup>2</sup> The Governors established a pricing formula and classification that ensures each GEPS contract meets the criteria of 39 U.S.C. 3633 and the regulations promulgated thereunder. Therefore, the costs of each contract conform to a common description. In addition, the GEPS language proposed for the MCS requires that each GEPS contract must cover its attributable costs.

Express International” instead of “Express mail International,” and major revisions to multiple articles. *Notice* at 4-7.

### **Pricing, Cost Coverage and Contribution**

The GEPS NSA model provides incentives for a mailer sending large volumes of EMI and/or PMI to foreign addressees. Prices offered under the contracts may differ depending on the volume or postage commitments made by the customers. *Id.* Prices also may differ depending upon when the agreement is signed, due to the incorporation of updated costing information. *Id.* The Postal Service states, however, that these differences do not alter the contracts’ functional equivalency. *Id.* This contract’s pricing reflect appropriate costs and revenue calculations and comports with the template in Governors’ Decision 08-7, which established the GEPS product.

The contract is intended to become effective on August 15, 2015. *Notice* at 3. The duration of the contract extends for one calendar year from the effective date.

### **Conclusion**

The Public Representative, after review of the materials the United States Postal Service submitted under seal in this matter and the corresponding baseline agreement, agrees with the Postal Service that this GEPS 3 contract comports with relevant provisions of title 39. This contract appears able to generate sufficient revenue to cover attributable costs. In addition, this contract employs pricing incentives based upon volumes and other provisions favorable to the Postal Service.

The Public Representative respectfully submits the preceding comments for the Commission’s consideration.
